Commissariat deficiencies. In reference to the statement of — against the Commanders of the "Indian Queen" and "Sir Wallace" in the articles of ghee and vinegar an explanation has been recorded from the Commissary-General to the effect that when the amount of the deficiencies does not much exceed the authorized rates of wastage and when there is no reason to suppose that there has been any want of due care in the custody or issue of the provisions it has been usual to remit the value of small balances of stores as recommended in the present instance. The measure proposed by the Marine Board in their letter of 19th October last regarding the Transports "Worcester", "Sir William Wallace", Indian Queen and "Weraff" sanctioned; but it is observed that if the casks, &c., containing stores for the consumption of the Troops at sea are sent on board in a sound and serviceable state, the regulated allowance for wastage should be ample to cover all deficiencies and for the future any in excess will not be admitted but upon the most satisfactory explanation.	15th „	28, 29	Secy., Mar. Board.
Compensation in lieu of grain issued to the Native Troops and authorized Public Followers composing the Hyderabad Subsidiary Force. *Vide* "Secunderabad."	15th „	37, 38	Mily. Audr.-Genl.

———. Amended statement of the average cost of —.	22nd "	127	Comy Genl.
———. States his views with regard to the breeding establishment at Ossoor. Suggests that the Commissary-General should be requested to submit an annual statement showing the total outlay debitable to the Provincial horses and the total outturn; considers much credit due to Captain Hill for the management of the breeding establishment. Certain observations recorded. It would not be expedient at present to disturb the existing arrangement further than to reduce the breeding establishment at Ossoor by distributing the mares belonging to it, with the exception of 12, in such manner as the Commissary-General may find to be most advantageous. The 12 mares excepted, will be retained at the stud in order that their produce may form a standard by which to test the colts brought out for sale by the Provincial breeders. The Commissary-General to forward an annual statement as soon as practicable after the assembly of the usual Remount Committee showing the total outlay under every head debitable to the Provincial horses, etc. The present state of the depot is in every respect satisfactory and the Government notice with approbation the zeal, judgment and temper evinced by the Superintendent Captain Hill in his management of the establishment. The President's Minute to be brought to Court's special notice, and the other papers and the above observations communicated to the Governments of India and Bombay as also to the Mysore Commissioner.	22nd "	128–132	President's Minute. To Offg. Secy., Govt. of India. To Offg. Secy., Govt. of Bombay. To Mysore Comr.
